

POST-MINING TRANSFORMATION THROUGH THE FIBROUS PLANT ECONOMY

Sustainable Economic Diversification of Mining Land and Infrastructure: The Case of Fibrous Plants

CoP WORKSHOP | 28 May 2018 | OM House, Cape Town

DRAFT AGENDA

08h30-09h00	<i>Registration</i>	
09h00-09h10	Welcome	Haroon Borhat
	Introductions	Chair: Mpho Ndaba
09h10-09h30	The Economic Opportunities of Plant Biomass	François Steenkamp
09h30-09h40	Q&A	
09h40-10h20	<i>Joint session:</i> Identification and evaluation of downstream options for the recovery of value and/or products from fibre producing plants Can fibre-rich plants serve the joint role of remediation of degraded mine land and fuelling of a multi-product value chain?	Jenny Broadhurst Sue Harrison
10h20-10h40	Q&A	
10h40-11h00	Post-mining rehabilitation - carrots and sticks in the law	Hanri Mostert
11h00-11h10	Q&A	
11h10-11h25	<i>Refreshments</i>	
	Expert Presentations	Chair: Jenny Broadhurst
11h25-11h45	Economic Succession Planning on South African Mines	Mike Solomon
11h45-11h55	Q&A	
11h55-12h15	Mined Land Rehabilitation Towards Economic Use: A Practitioner's View	Fanus van Wyk
12h15-12h25	Q&A	
12h25-12h45	Bamboo Value Chain Opportunities within the South African Market	Hamman Oosthuizen
12h45-12h55	Q&A	
12h55- 13h00	<i>Group Photograph</i>	
13h00-14h00	<i>Lunch</i>	
14h00-14h20	Mining at the crossroads: Sectoral diversification to ensure sustainability?	Willem de Lange
14h20-14h30	Q&A	
	Roundtables	Chair: Herman Meyer
14h30-15h30	Break-away, roundtable discussions	
15h30-15h45	<i>Refreshments</i>	
15h45-16h50	Feedback and Group Discussion	
16h50-17h00	Wrap Up & Thank You	Haroon Borhat
17h00	<i>CLOSE</i>
